6.170 Software Studio
November 3rd, 2014

Exponential Decay Phenomenon of New Year's Resolution

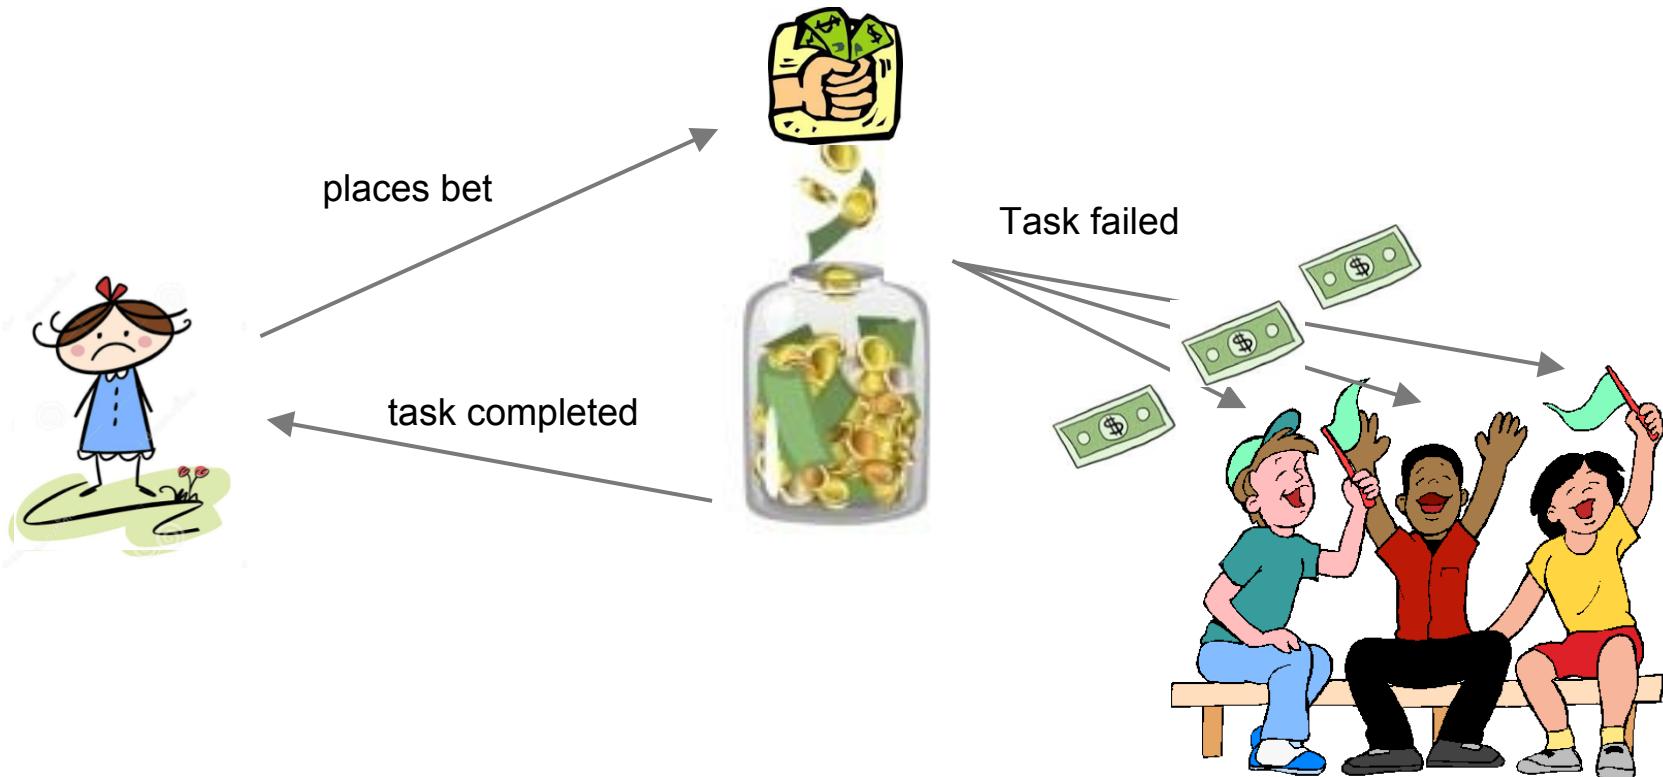

MOTIVATION

Some people need more than others...

Design overview

Concepts

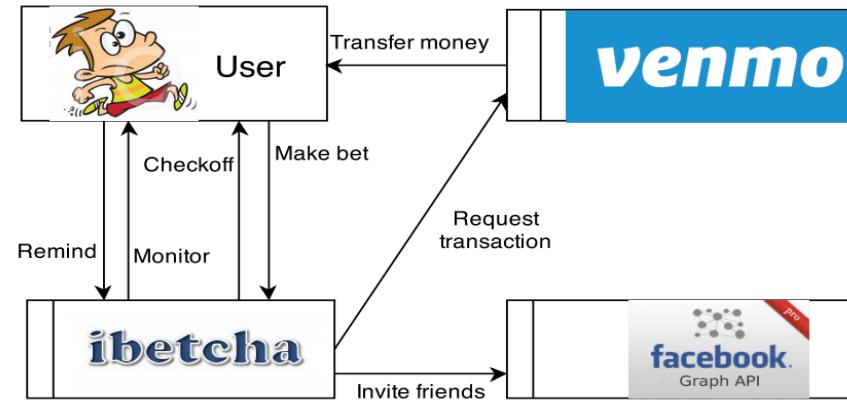

Monitor - a user chosen to confirm the completion/failure of the bet

Bounty - amount of money put on bet

Context

Challenges and Risks

Design

- Checkoff protocol
- Money hoarding

Mongoose
Monitors

Implementation

- User authentication
- Secure money transfer
- Concurrent checkoffs

Venmo

Development

- No ibetcha friends
